## **GCRE Construction Announces Promotion of Tiffany Hoang to Vice President of Construction for the Dallas Region**

ST. LOUIS, Monday, August 27, 2018 – [GCRE Construction](#), a Dallas-based multifamily housing general contractor wholly-owned by [Gardner Capital](#), formally announced the promotion of Tiffany Hoang to Vice President of Construction - Dallas. Tiffany will be involved all aspects of construction for all Gardner Capital's multifamily housing developments in the Texas, Oklahoma and Kansas regions – a portfolio which totals more than 1,500 units across 16 projects at various stages of construction.

A rising leader in multifamily housing, Tiffany has remarkably diverse experience in real estate development and construction at all organizational levels. Prior to her new appointment, Tiffany served as Development Manager on Gardner Capital's Texas Multifamily Housing Development team, primarily covering projects in the Dallas and Oklahoma regions. In that position, she mainly acted as a liaison between Gardner Capital's development and construction teams, ensuring timely construction and financial execution for multiple projects, notably including the recently completed senior living community [Gala at Oak Crest Estates](#).

“I am extremely pleased to announce Tiffany’s promotion to VP of Construction - Dallas,” said [Michael Gardner](#), CEO & Principal of Gardner Capital. “On countless occasions, she has demonstrated her knowledge of the multifamily housing industry and her ability to lead and manage others to achieve successful outcomes. Tiffany has a tremendous ability to make others around her better, and we look forward to her, and GCRE Construction’s, future successes under her leadership.”
